

## Magnetic Sticks

### Series AA-222

- Magnetic sticks are very useful for removing steel particles from blind holes and useful for removing burr from tapped holes.
- Magnetic sticks are compact unit embodying powerful 'Rare Earth' magnets assembled in stainless steel pipes. Length can be increased as per customer specifications.

### Specifications:

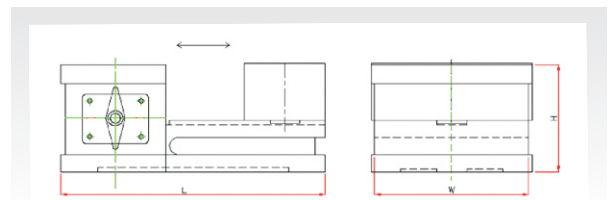

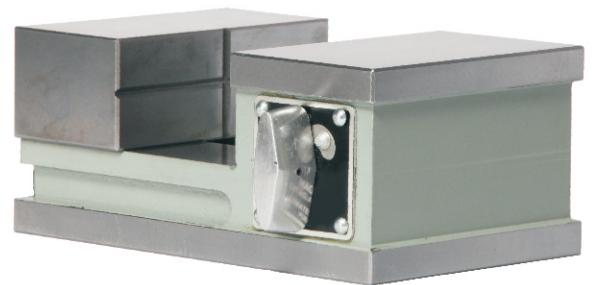

Sr. No	Cat. No.	Diameter (Ø)	Length mm
1	AA-2229	3 mm	150
2	AA-2220	5 mm	150
3	AA-2221	6 mm	150
4	AA-2222	8 mm	150
5	AA-2223	10 mm	150

Sr. No	Cat. No.	Diameter (Ø)	Length mm
6	AA-2224	12 mm	150
7	AA-2225	14 mm	150
8	AA-2226	15 mm	150
9	AA-2227	16 mm	150
10	AA-2228	18 mm	150

## Magnetic Vice

### Series AA-273

- Magnetic vice is a totally distortion free vice, capable of ensuring that the component holds square and set up time is minimized.
- Overriding the distortion is one of the features the conventional vice, sometimes severely limiting its use.
- Flatness, Squariness & Parallelism is controlled within  $\pm 0.005\text{mm}$ .
- Permanent powerful magnet.
- ON-OFF switch.

### Specifications:

Sr. No	Cat. No.	Size in mm L X W X H	Jaw Holding Area
1	AA-2731	110 X 180 X 75	110 X 65
2	AA-2732	160 X 225 X 90	150 X 75
